

1.Prepare the bios files that need to be updated

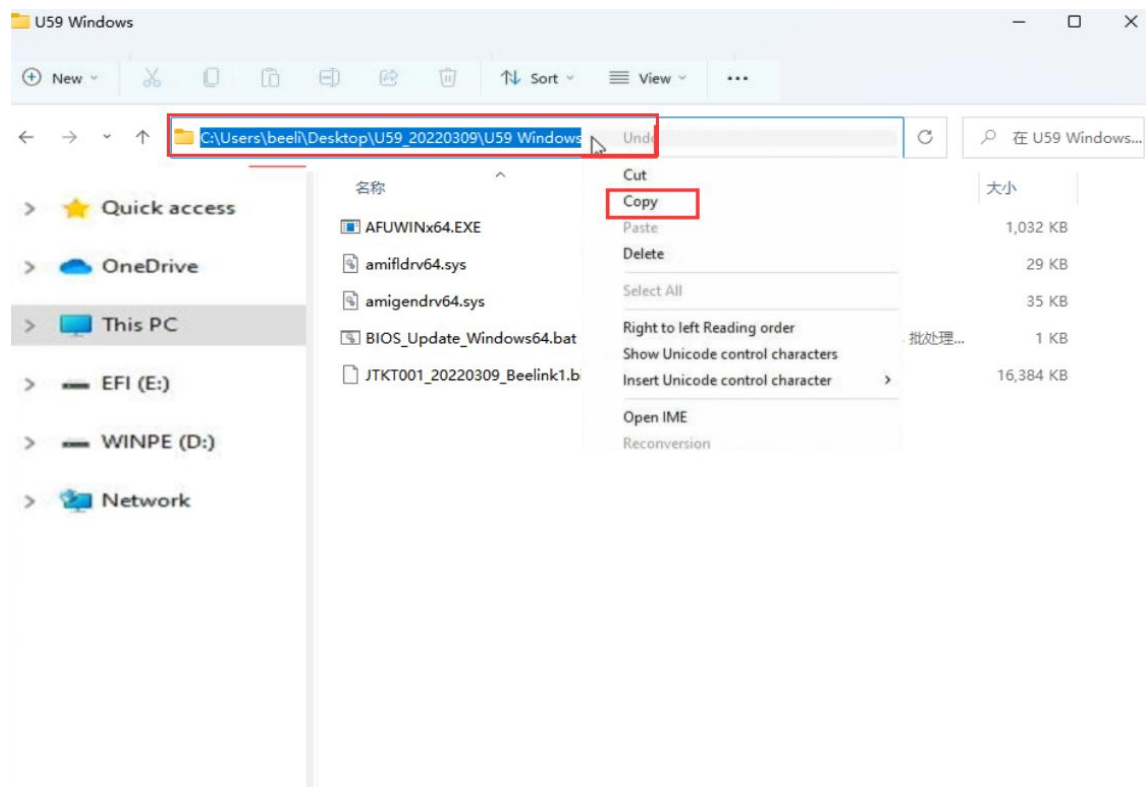

2. Extract the zip file to the desktop, the path indicated by the arrow in the figure below, and check “shou extracted files when complete”

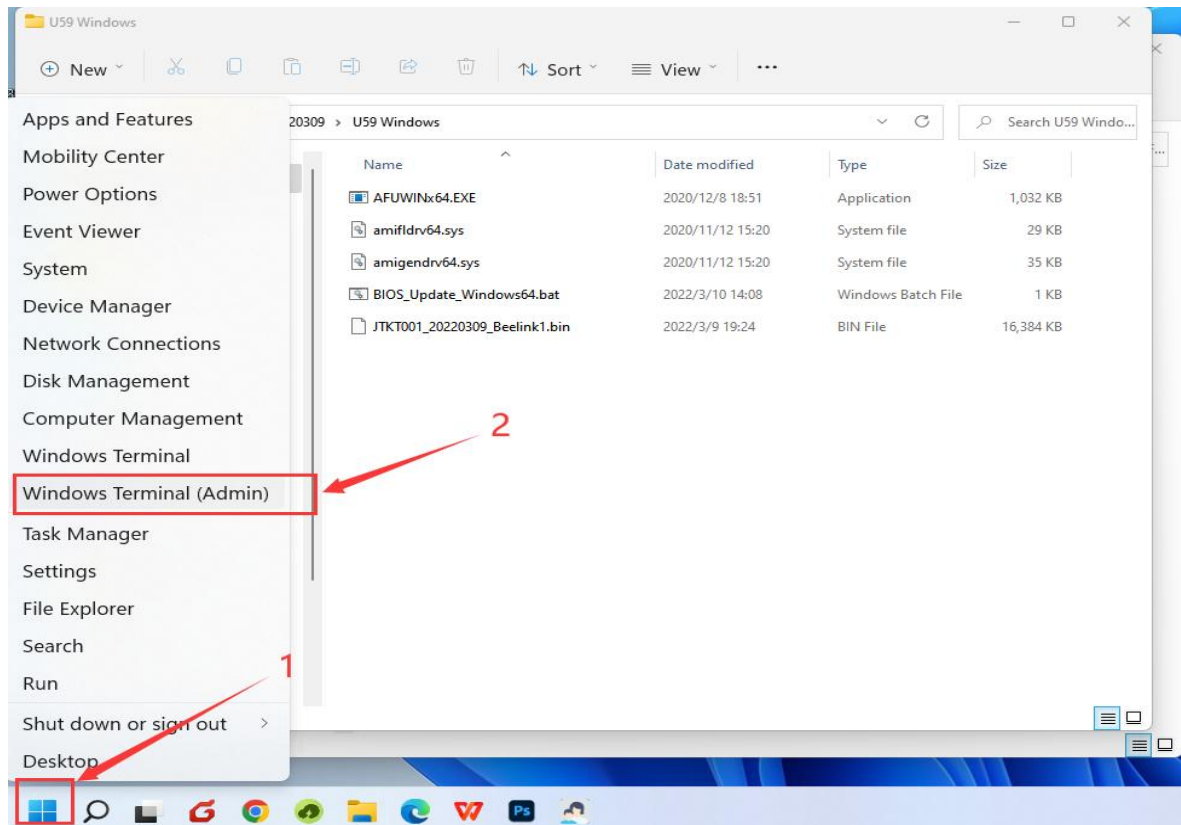

3. Open the files

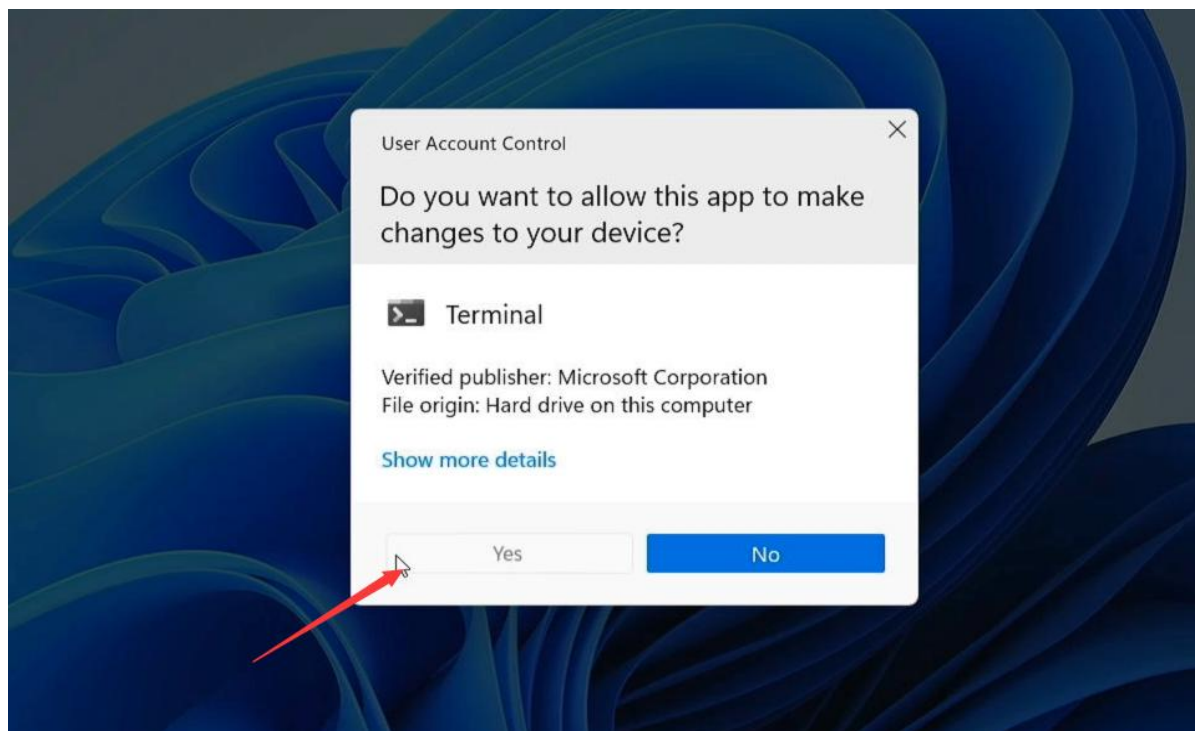

4. Select the address bar and copy the full name (ctrl+c <use keyboard>)

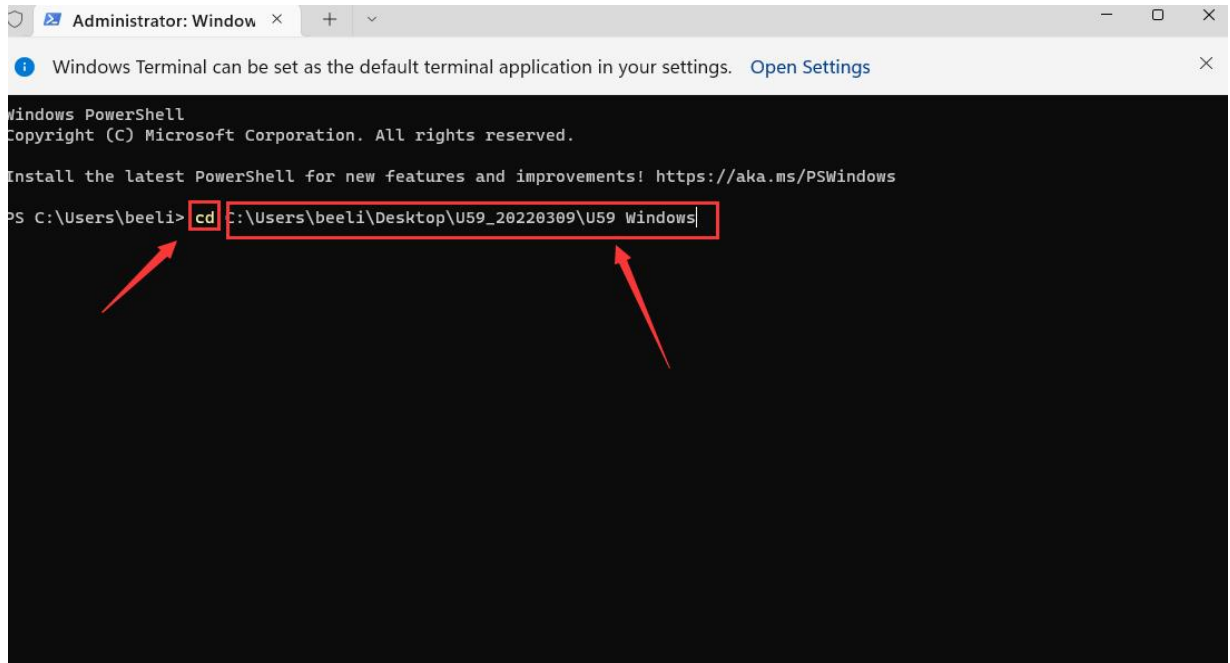

5.Right-click the Windows and select Windows Terminal (Admin) (1>2)

5.Click Yes

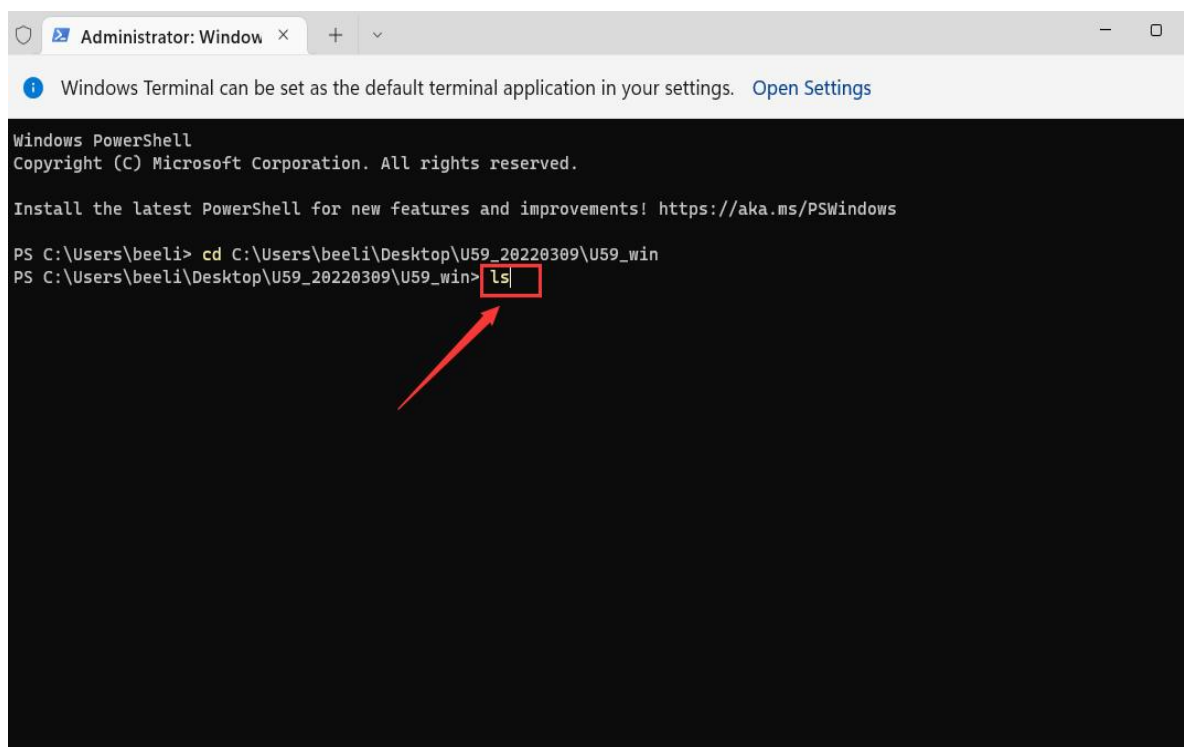

7. Type **CD** then paste the name of the file (ctrl+v) and press the Enter<use keyboard>.

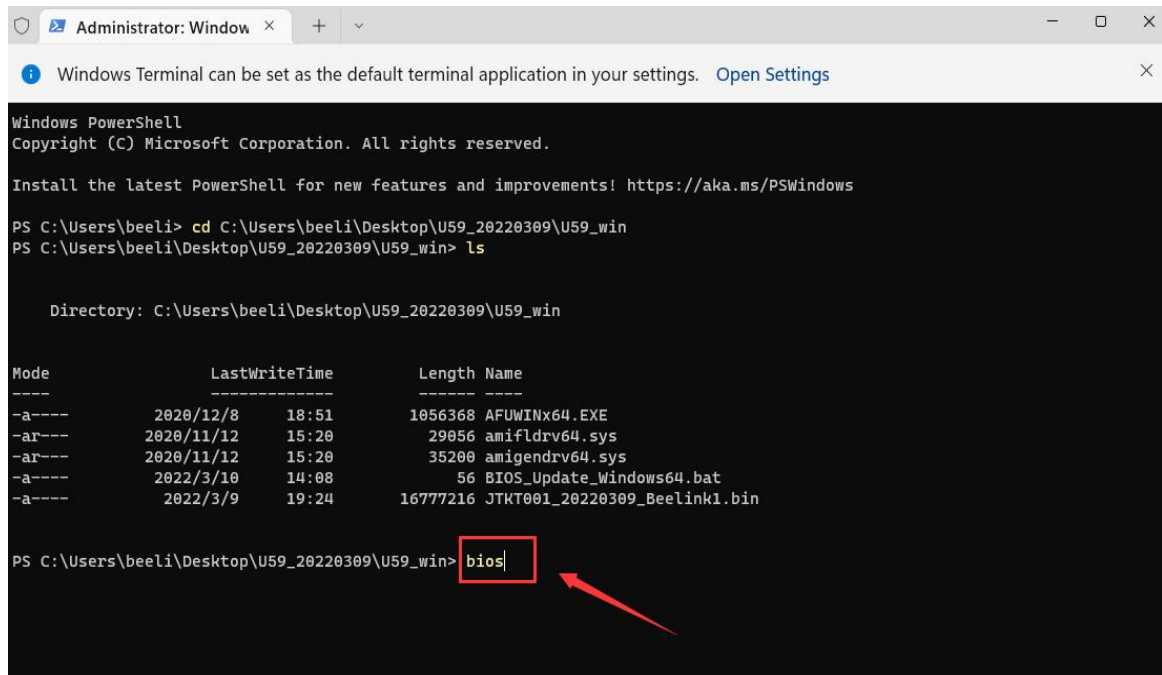

The screenshot shows a Windows PowerShell terminal window. The prompt is 'PS C:\Users\beeli>'. The command 'cd C:\Users\beeli\Desktop\U59_20220309\U59 Windows' is being entered. The 'cd' and the path are highlighted with red boxes, and red arrows point to them from the left and right respectively. The terminal output includes: 'Windows PowerShell', 'Copyright (C) Microsoft Corporation. All rights reserved.', and 'Install the latest PowerShell for new features and improvements! https://aka.ms/PSWindows'.

8.Type **ls** and press the Enter.

The screenshot shows a Windows PowerShell terminal window. The prompt is 'PS C:\Users\beeli\Desktop\U59_20220309\U59_win>'. The command 'ls' is being entered. The 'ls' is highlighted with a red box, and a red arrow points to it from the left. The terminal output includes: 'Windows PowerShell', 'Copyright (C) Microsoft Corporation. All rights reserved.', and 'Install the latest PowerShell for new features and improvements! https://aka.ms/PSWindows'.

9.Type **bios** and press <Tab> then Enter <use keyboard>.

The screenshot shows a Windows PowerShell terminal window with the following content:

```
Windows PowerShell
Copyright (C) Microsoft Corporation. All rights reserved.

Install the latest PowerShell for new features and improvements! https://aka.ms/PSWindows

PS C:\Users\beeli> cd C:\Users\beeli\Desktop\U59_20220309\U59_win
PS C:\Users\beeli\Desktop\U59_20220309\U59_win> ls

Directory: C:\Users\beeli\Desktop\U59_20220309\U59_win

Mode                LastWriteTime         Length Name
----                -
-a-----         2020/12/8           18:51      1056368 AFUWINx64.EXE
